Subject: Re: Wastewater Treatment Plant Hauling

The sludge to diesel contracts. I would like to know the legal fees associated with us not having to pay what was agreed upon. Is this more clear now?

Thanks
Neil

Neil,

Upon further review of your email, I need more clarification on what was meant by "defending contracts". To which contracts are you referring?

Thanks Leslie

Thanks Leslie.

I also asked for profit and loss information for each of the city's and towns that we are accepting sludge from.

In addition I would like to know the amount of money we have paid for legal fees defending contracts and where that money was paid from.

Thank you
Neil

Neil,

At last week's budget meeting you asked for the total received in 2016 for Wastewater hauling, it is \$64,301.60. This is the total received so far from work done in 2015 for other communities and our current contracts with Riley and West Terre Haute. Please let me know if you have any other questions.
